

By Appointment to The Royal Danish Court

Toms Group A/S

Press Release

11. June 2020

Carsten Lyngsø Thomsen resigns from his position as CEO in Toms Group A/S

After 6 years in Toms Group A/S, Carsten Lyngsø Thomsen resigns from his position as CEO during the month of June. Toms has been through a major transformation journey streamlining and modernizing the entire Supply Chain platform, including closing down the manufacturing facility in Bremen and establishing a new manufacturing facility in Poland which will contribute to increasing the competitiveness of Toms.

The transformation journey continues with a stronger focus on the commercial activities in order to create profitable growth, and in this context the Board of Directors have decided that another profile is needed to lead Toms through the next phase.

A search for a new candidate has been initiated. Lars Henrik Vejrup Hansen, CFO and member of the Executive Board, will be provisionally constituted as CEO in Toms Group, until a new CEO can start in the position.

“I would like to take this opportunity to thank Carsten for his long commitment in Toms Group and for his contribution in implementing changes to improve the competitiveness of Toms”, says Henrik Brandt, Chairman of Toms Group A/S.”
